SUMMARY

I am a meticulous and innovative frontend developer with over 2 years of hands-on experience, specializing in creating responsive and user-friendly web applications. Throughout my career, I have honed a diverse skill set that seamlessly integrates technical proficiency, user-centric design principles, and a keen awareness of industry trends. My expertise includes:

- **Technical Proficiency:** Mastery of HTML, CSS, JavaScript, and modern frameworks like React and Tailwind.
- **User-Centric Design Principles:** Prioritizing user experience and accessibility to create intuitive interfaces.
- **Industry Trend Awareness:** Staying updated with the latest web development trends and technological advancements.
- **Collaborative Approach:** Working effectively with cross-functional teams to deliver cohesive and high-quality web solution.

SKILLS

Responsive Design	Testing & Debugging
Cross-Browser Compatibilty	Collaboration
Communication	Attention to Details
Time management	Problem Solving

LANGUAGES

HTML	CSS
REACTJS	JAVASCRIPT
REACT NATIVE	PHP
BOOTSTRAP	TAILWINDCSS

WORK EXPERIENCE

Frontend Developer | Fireswitch Technologies

January 2023 - May 2024

FireSwitch Technologies is a digital agency in Nigeria. They specialize in bespoke software development, creating custom software products, apps, and operational systems for a wide range of clients, including SMEs, enterprises, not-for-profits, government entities, and funded startups.

My Achievements

Leading the frontend development for various innovative web applications, enhancing user engagement and experience for an e-commerce platform.

Taking full ownership of the development process from concept to deployment, using ReactJS to build dynamic and responsive web interfaces.

Collaborating closely with cross-functional teams to align technical solutions with business goals, resulting in improved product performance.

Creating interactive and visually appealing dashboards and reports for data visualization.

Frontend Development Freelancer | Fiverr

June 2022 - November 2022

Fiverr is an online marketplace that connects freelancers (sellers) with clients (buyers) looking for various digital services.

My Achievements

Developing custom components and libraries to streamline the development process and improve code reusability.

Successfully developed and launched custom websites tailored to client specifications, enhancing their online presence.

Seamlessly integrated third-party APIs and services, enhancing the functionality and user experience of client websites.

Improved website load times and performance metrics through code optimization and efficient resource management.

Frontend Development Intern | Cardify

Novemeber 2021 - April 2022

Cardify Africa is a Nigerian startup that provides a seamless platform for managing and spending money across various digital wallets.

My Achievements

Assisting in the Development of Web Applications: Contributed to the development of responsive and user-friendly web applications, enhancing the overall user experience.

Implementing Design Changes: Successfully implemented design changes and updates based on user feedback and testing results.

Collaborating with Senior Developers: Worked closely with senior developers to learn best practices and improve coding skills.

Optimizing Web Performance: Assisted in optimizing web performance, resulting in faster load times and improved user satisfaction.

EDUCATION & QUALIFICATION

KWARA STATE UNIVERSITY (KWASU) - BSC Computer Science (2023 - 2027)

Sheda House - Frontend Development (2020)
